# OUR VISION

To be of Greater Excellence in Environmental Health and Safety Education at par with International Standards

## ABOUT US

National college of Fire & safety Engineering technology(NIFST) has been established by the Maharishi Educational and Welfare Trust in order to bring the education opportunities at the door-steps of the middle and lower income group of the rural communities in the economically backward Districts of Pudukkottai,Sivagangai, Ramnad and

Virudhunagar in particular, Indian and International communities in general. By starting NIFST, the we believe in achieving its main motto of providing world class quality education, training, and skill development in the Safety industry to all who care and long for professionals of high caliber at a comparatively lower fee structure which could be reached even by proletariat students. Just a humble beginning, to be followed by many more achievements for the benefits of the human society and up-liftment of the economically downtrodden people.

We provide, excellent quality education and extensive range of educational opportunities,

offering a flat form for students to display their talents and make them successful in the environmental health and safety industry. NIFST is the approved institute of ALAGAPPA UNIVERSITY, Karaikudi. Which is the Govt. University Accredited with "A+" Grade by NAAC committee.

NIFST is the greatest place to learn, directing your talent, sharpening your skills, exploring opportunities in the field of Environmental health and safety.
